**ANNUAL REPORT
(Year Ending December 31, 2022)
TAKODA METROPOLITAN DISTRICT
(THE “DISTRICT”)**

Pursuant to Section VII of the Service Plan for Takoda Metropolitan District and Section 32-1-207(3) (c), C.R.S., the District hereby submits the following information and attachments.

A. Progress of the District in the Implementation of its Service Plan.

The District submitted a Service Plan that was approved by the City of Louisville in September 2008. The District issued bonds on October 29, 2010. In the first quarter of 2013, the District issued \$738,000 subordinate limited tax general obligation bonds. In the fourth quarter of 2013, the District issued remaining \$737,000 subordinate limited tax general obligation bonds. On October 12, 2018, at a duly noticed public meeting, the Board of Takoda Metropolitan District unanimously passed a resolution authorizing the issuance of limited tax general obligation bonds in the amount of \$10,550,000. This was done pursuant to previously voted debt authorization and for the purpose of refinancing the District’s outstanding 2010 and 2013 bonds and satisfying other debt obligations of the District. The District has no current authority in its Service Plan to issue more debt. Proceeds from the bonds have been used to pay costs of issuance and costs to construct public improvements. The Developers entered into Reimbursement Agreements with the District that provide, among other things, that, in the event that the District’s revenues are insufficient to pay public improvement costs, the Developers will advance funds to pay such shortfall amounts.

B. Proposed Boundary Changes.

The District anticipated adding a 0.87-acre parcel to the District, known as Lot 2, Summit View Subdivision, pending landowner consent, City Council and Board approval, in 2017, however, the effort has stalled. The District is hopeful that it can, with City Approval, accomplish the inclusion in the future.

C. Proposed Intergovernmental Agreements.

There are no proposed Intergovernmental Agreements that are currently being contemplated by the District.

D. Changes or proposed changes in the District’s operations.

There are no plans to change District operations; however, the Board has revised its meeting schedule from monthly to two meetings per year in recognition of decreased District activity and to cut operating costs.

- E. **A summary of any litigation which involves the District.**
There is no litigation that involves the District.
- F. **A summary of proposed construction plans (if any) for the year immediately following the year summarized in the annual report.**
None.
- G. **A list of all facilities and improvements constructed by the District that have been dedicated to and accepted by the City.**
All public infrastructure and facilities within the Steel Ranch Subdivision and otherwise within the District have been constructed, completed in accordance with City approved plans and dedicated to the City of Louisville.
- H. **Total acreage of property within the District:**
Currently, the District contains 69.97 acres.
- I. **The District's current outstanding Debt (stated separately for each class of debt).**
On October 12, 2018, at a duly noticed public meeting, the Board of Takoda Metropolitan District unanimously passed a resolution authorizing the issuance of limited tax general obligation bonds in the amount of \$10,550,000. This was done pursuant to previously voted debt authorization and for the purpose of refinancing the District's outstanding 2010 and 2013 bonds and satisfying other debt obligations of the District. The result of the refinancing includes: a lowering of the debt service mill levy over time (estimated debt service mill levy starts at approximately 47 mills starting in 2019 and ultimately drops to approximately 31 mills over time); a decrease in the interest rates and costs (the refinancing includes an estimated average interest rate of 4.75%, whereas the rates on the 2010 and 2013 bonds were 8% and 7% respectively); a present value savings of 23% of the refunded principal; the payoff of all outstanding financial obligations of the District; and provision for on-going payment of operating expenses through a carved out number of mills dedicated to such expenses.
- J. **The District's current debt service mill levy (stated separately for each class of debt).**
The District's currently imposes 51.157 mills for debt service and 3.00 mills for general fund operations and maintenance, for a total mill levy of 54.157.
- K. **The District's tax revenue.**
The District's tax revenue for 2022 was \$836,478. The District anticipates property tax revenue of \$821,923 for 2023.
- L. **Other revenues of the District.**
There are no other revenues of the District except specific ownership tax payments from the County and interest income earned on any District accounts.
